## Two days Programme on Financing of Agriculture and Allied Activities

During its 92 years of service, IIBF has emerged as a premier institute in Banking and Finance education. Considering the emerging requirements of the bankers in the ever changing dynamic environment, IIBF has been providing knowledge inputs through different training programmes in key areas to banking and finance professionals through its Leadership & Professional Development Center at its Corporate Office, Mumbai and Professional Development Centres located at Chennai, New Delhi and Kolkata.

### About the Programme:

GOI in the Union Budget 2016-17 had announced its resolve to double the income of farmers by 2022. Empirical evidences suggest roughly every 1% increase in agricultural credit helps in producing 0.29% increase in agricultural GDP and consequently generating increased income. Needless to emphasize that acceleration in income generation is significantly dependent on better capital formation in agriculture. While investment credit is needed for capital formation, crop loan helps by sustaining production process. Crop loans constitute about 75% of total agriculture credit. Roughly 85% of the total operational holdings in the country (43% of the Gross Cropped Area) are in the small & marginal farmer's category. Among all the regions in the country, the eastern region, which has a 16.37% share in crop production, 14.65% in GCA and 15.25% in Gross Irrigated Areas accounts for hardly 9.47% of agriculture credit disbursal. As per the priority sector guidelines, Banks need to lend 18% of Adjusted Net Bank Credit (ANBC) to agriculture and 8% to SF/MFs. Against this backdrop, there is need to increase the flow of investment credit, adopt Farming System Approach while financing, provide timely and affordable credit to resource constrained SF/MF, finance the entire agricultural value chain and increase credit to eastern & NER etc. With this objective, IIBF has decided to organize a TWO DAYS Training Programme at its PDC-EZ, Kolkata during Monday and Tuesday, 11<sup>th</sup> and 12<sup>th</sup> November, 2019.

- Doubling of farmers Income by 2022: Background & focus;
- Role of Bankers and FIs in doubling of farmers income by 2022;
- How to increase Agricultural Investment Loans? Micro-irrigation, Plantation & Horticulture, Agriculture Infrastructure and Allied Activities;
- Ancillary Activities including Food & Agro processing, Non-Farm Sector, Financing Warehouse Receipt etc.
