Programme on “Recovery Management in Banks”

BACKGROUND

During its 90 years of service, IIBF has emerged as a premier institute in banking and finance education. Considering the emerging requirements of the bankers in the ever changing dynamic environment, with a view to increase capacity building in Banking Sector, IIBF had started its training activities in the year 2012 for the bankers. Various training programmes are being conducted at its Professional Development Centres (PDCs) apart from the Leadership Centre in Mumbai to cater the requirements of banks. IIBF is having highly qualified and experienced resource persons in banking domain. All the faculties are associated with the Institute’s Training activities on regular basis.

About the programme

The Non Performing Assets of Banks have increased over the past couple of years affecting the health of Banking System. Growing level of interest de-recognition and provision in stressed assets is eating away the profits that are earned through banking operations in this highly competitive environment. Even though Banks have taken various measures to maintain the asset quality and to step up cash recovery in NPAs / in written-off accounts, need has been felt to step-up the efforts to improve the overall profitability of Banks.

Looking into the challenge of Banks to train more officials in the field of NPA Management and Recovery, the Institute is organising training programmes on Recovery Management regularly in Mumbai and other cities. All such programmes were well received by Banks are found to be quite useful. Accordingly, IIBF, **South Zone is conducting its next programme on “Recovery Management in Banks” from 26th to 28th July, 2017 (3 days) at its PDC, South Zone, Chennai.**

OBJECTIVES

- To improve knowledge and skill in handling NPA Management function at Branches, controlling offices and at Corporate Office.
- To have comprehensive understanding covering the entire gamut of Regulatory Norms and Legal Framework in respect of NPA management
- To develop expertise in handling complex cases.
- To improve overall recovery culture in the Organization
