

DIPLOMA IN BANKING TECHNOLOGY

Rules & Syllabus 2017

OBJECTIVE

With the thrust on market orientation, globalization, financial and banking sector reforms and competition in the financial sector, banking / finance professionals face the challenge of continuously innovating and improving their products and services. Currently banks provide more or less similar products and services. In the face of competition, retaining market has become all the more difficult. Banks can improve upon their business only if bank employees specialize in one or more products and services and carve out a niche for themselves. Further, the need for continuous improvement in the service provided calls for excellence in the performance and specialization. The Institute has, therefore, introduced various diplomas to help the employees of banks / financial institutions to acquire the required specialisation and competence.

Information Technology has impacted banking operations and business substantially. Facilities such as internet banking, ATMs, mobile banking etc. are being used for serving the customers. As banks adopt technology to meet challenges of customer service, the bank staff has to be technically competent. The Diploma in Banking Technology course will equip the bankers to face the challenges arising in advanced banking technology.

However, as banking and finance fields are dynamic, rules and regulations witness rapid changes. Therefore, the courseware should not be considered as the only source of information while preparing for the examinations. Candidates are advised to go through the updates put on the IIBF website from time to time and go through Master Circulars / Master Directions issued by RBI and publications of IIBF like IIBF Vision, Bank Quest, etc. All these sources are important from the examination point of view. Candidates are also to visit the websites of organizations like RBI, SEBI, BIS, IRDAI, FEDAI etc. besides going through other books & publications covering the subject / exam concerned etc. Questions based on current developments relating to the subject / exam may also be asked.

Cut-off Date of Guidelines / Important Developments for Examinations

The Institute has a practice of asking questions in each exam about the recent developments / guidelines issued by the regulator(s) in order to test if the candidates keep themselves abreast of the current developments. However, there could be changes in the developments / guidelines from the date the question papers are prepared and the dates of the actual examinations.

In order to address these issues effectively, it has been decided that:

- (i) In respect of the examinations to be conducted by the Institute for the period February to July of a calendar year, instructions / guidelines issued by the regulator(s) and important developments in banking and finance up to 31st December will only be considered for the purpose of inclusion in the question papers".
- (ii) In respect of the examinations to be conducted by the Institute for the period August to January of a calendar year, instructions / guidelines issued by the regulator(s) and important developments in banking and finance up to 30th June will only be considered for the purpose of inclusion in the question papers.

The table given below further clarifies the situation.
