**PROGRAMME ON**  
**“IT & Cyber Security - Framework, IT Risk Management &  
Prevention of Cyber Crimes”**  
**For Senior Bank Management**

**BACKGROUND**

During its 92 years of functioning, IIBF has emerged as a premier Institute in banking and finance education for professional bankers and aspiring candidates choosing banking as career. Considering the emerging requirements of the bankers in the ever changing dynamic environment, IIBF started conducting training programmes for bankers in select areas. IIBF has setup world class training facilities at its Leadership center in Mumbai for physical as well as virtual trainings.

Banks have made rapid strides in adopting Technology for various banking operations, control management, compliance handling etc. With developments in using the technology as alternate delivery channels and using technology for data management, data analytics, MIS, and digital banking for serving various customer needs, information technology is the key in banking services. Banking sector is the largest user of Information Technology. Consequently, there has been phenomenal growth in IT and ITES.

The destructive use of technology is happening across the sector affecting all concerned. The Cyber Security and Cyber Crime threats are growing at much faster pace. Therefore, there is greater need for enlightening the bankers about the threats and necessary steps for the prevention of Cyber Crimes. As per the Regulatory guidelines, the Board, Senior Management and CTOs/ CIOs / CXOs / CISOs of the Banks have to undergo the awareness and Certification Programmes in the captioned areas. With a view to cater to the needs for large number of banking professionals at Senior Management level, we have designed the Training-cum-Certification Programme in this area

**PURPOSE**

The Programme envisages to train Senior Bank Management personnel of various banks about basics of Cyber Security, Framework, Governance, Risk Management, Role of Business Heads, new trends in Cyber Security to counter such threats and provide hassle free services to the customers. This programme is unique in its nature to enlighten the Senior & Top Management (Officials in DGM and above cadres) as per the guidelines of the Regulator. The programme is designed with emphasis on interactions, group discussions, interface with field experts and practitioners in the industry.

**OBJECTIVES**

The programme focusses on the following aspects:

- To Improve the understanding in Cyber Security and Cyber Crime areas.
- To understand the IT Governance, Framework & Risk Management
- To prepare for the necessary Business Continuity & understand Disaster Recovery.
- To enlighten & equip Senior Management in IT Security and prevent Cyber Crimes.

**CONTENT OVERVIEW**

- Basics of Cyber Security, terminologies, cyber threats
- Cyber Security Framework & Security Governance

- Corporate IT Security Policy
- Role of Business Heads
- IT Risk Management, mitigation
- BCP Management & DR Plans & Processes
- Trends & Techniques in Cyber Security
- Emerging Technologies

## METHODOLOGY

Classes shall be schedule in Virtual Mode and can be attended from anywhere and using most of the common devices with Internet like PC, Laptop, Tablet or Mobile. Discussions, presentation and sharing of experiences. The sessions will be handled by experienced faculty of IIBF and experts from industry. At the end of the Training, there will be an online evaluation test on MCQs mode. Certificate will be issued to the participants at the end of the Programme upon successfully clearing the test.

## TARGET GROUP
