BACKGROUND OF THE PROGRAMME: As per Master Circular - Prudential Norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances of Reserve Bank of India, in line with the international practices and as per the recommendations made by the Committee on the Financial System (Chairman Shri M. Narasimham), the Reserve Bank of India has introduced, in a phased manner, prudential norms for income recognition, asset classification and provisioning for the advances portfolio of the banks so as to move towards greater consistency and transparency in the published accounts. The policy of income recognition should be objective and based

on record of recovery rather than on any subjective considerations. Likewise, the classification of assets of banks has to be done on the basis of objective criteria which would ensure a uniform and consistent application of the norms. Also, the provisioning should be made on the basis of the classification of assets based on the period for which the asset has remained non-performing and the availability of security and the realisable value thereof. Customers are requested to go through the same, ensure timely servicing of the interest and principal repayments (on or before the due date) to avoid classification of an account as SMA / NPA. Given this backdrop, IIBF Professional Development Centre (PDC) East Zone has designed this one day virtual workshop.
