Virtual Training Program on “Climate Risk Management”

BACKGROUND

During its 97 years of service, IIBF has emerged as a premier institute in the banking industry. Considering the emerging requirements of the bankers in the dynamic environment, IIBF has been offering certification courses and Training Programmes to the banking professionals.

The training programs are designed in consultation with the industry experts and human resources personnel with an endeavor to address the skill gaps on a continuous basis. The regular offerings in varied areas prepare the banking professionals ahead of the impending change.

IIBF offers virtual Training Programmes for its Blended Certification courses and many other programmes to facilitate learning across the country.

IIBF also has state-of-the-art training facilities at its Leadership Centre at Mumbai. The four Professional Development Centres (PDCs) at Delhi, Chennai, Kolkata & Mumbai cater to the increasing demand for the focused Training Programmes.

PURPOSE

As the world faces unprecedented environmental challenges, the financial sector must adapt. This 2-day virtual training on Climate Risk Management will provide key insights into how climate risks—both physical and transitional—affect credit and investment portfolios.

Designed for professionals in banks and financial institutions in India, this course will equip participants with practical knowledge and tools to assess and mitigate climate risks.

OBJECTIVES

Given this background, IIBF has designed this special programme to—

- Gain practical knowledge on how to incorporate climate risks into credit and investment portfolio management.
- Learn about global frameworks and how they apply to Indian financial markets.
- Understand tools and methodologies for measuring, monitoring, and managing climate-related risks.
- Develop strategies for building resilient portfolios in response to the evolving climate landscape.
- Network with experts and peers in the financial sector.

CONTENT OVERVIEW

- Understanding Climate Risks
- Overview Global Climate Risk Frameworks
