BACKGROUND

During its 96 years of service, IIBF has emerged as a premier institute in the banking industry. Considering the emerging requirements of the bankers in the dynamic environment, IIBF has been offering certification courses and training programmes to the banking professionals.

The training programs are designed in consultation with the industry experts and human resources personnel with an endeavour to address the skill gaps on a continuous basis. The regular offerings in varied areas prepare the banking professionals ahead of the impending change.

IIBF offers virtual training programmes for its Blended Certification courses and many other programmes to facilitate learning across the country.

IIBF also has state-of-the-art training facilities at its Leadership Centre at Mumbai. The four Professional Development Centres (PDCs) at Chennai, Delhi, Kolkata & Mumbai cater to the increasing demand for the focused training programmes.

BRIEF BACK GROUND OF THE PROGRAM

The Non-Performing Assets of Banks have increased over the past couple of years affecting the health of Banking System. Growing level of interest de-recognition and provision in stressed assets is eating away the profits that are earned through banking operations in this highly competitive environment. Even though Banks have taken various measures to maintain the asset quality and to step up cash recovery in NPAs / Written-off accounts, need has been felt to step-up the efforts in this area to improve the overall profitability of Banks.

Looking into the challenge of Banks to train more officials in the field of NPA Management and Recovery, the Institute is organising training programmes on Recovery Management regularly in Mumbai and other PDC's particularly in Chennai. All such programmes have been well received by Banks and are found to be quite useful.

With this objective, Professional Development Centre, South Zone of IIBF has decided to organize a 2-days Training Programme on Recovery Management in banks on **20th and 21st June 2024** in virtual mode.
