BRIEF BACKGROUND

Established on 30th April 1928, IIBF which is an “Institute of the Bankers, for the Bankers and by the Bankers” has during its 98 years of service been actively involved in examination, training & academics and has emerged as a premier institute in banking and finance education.

Considering the emerging requirements of the bankers in the ever-changing dynamic environment, IIBF has been providing quality training to bankers in select areas. The training programmes are designed in consultation with the industry experts and human resources personnel with an endeavour to address the skill gaps on a continuous basis.

The regular offerings in varied areas prepare the banking professionals ahead of the impending change. IIBF has state-of-the-art training facilities at its Leadership Center at Mumbai and it has seven Professional Development Centers (PDCs) at Mumbai, Delhi, Chennai, Kolkata, Lucknow, Guwahati and Bengaluru catering to the increasing demand for the focused training programmes.

Our Delhi Centre is equipped with modern infrastructure to support residential training:

- A well-equipped hostel with 36 air-conditioned rooms, with Wi-Fi facility at all floors.
- Two fully functional classrooms with a seating capacity of 30–35 participants each.
- A spacious conference hall that can accommodate 75–80 participants.
- Lift facilities for ease of movement across floors and CCTV cameras all around the premises.

IIBF PDC NZ has successfully partnered with **Banks and FIs** for conducting customized residential training programmes at the Delhi Centre

PURPOSE OF THE PROGRAMME

The rapid digital transformation of the banking sector has significantly enhanced customer convenience and operational efficiency while simultaneously increasing exposure to cyber threats, information security risks, frauds, and emerging technology-related vulnerabilities. Banks are required to strengthen their cyber resilience, safeguard customer data, ensure regulatory compliance, and build robust digital risk management frameworks.

This programme is designed to equip individuals, especially banking professionals, with practical knowledge of the evolving cyber threat landscape, information security governance, digital banking risks, regulatory expectations, and industry best practices to enhance organizational resilience.

This is more so required due to the changing scenario and different communications received from Reserve Bank of India through its Master Directions.

OBJECTIVE

The programme aims to enable the participants to:

- Understand the evolving cyber threat landscape affecting the banking and financial sector.
- Garner knowledge about Information Security Principles, Governance, and Control frameworks.
- Identify and manage risks arising from digital banking channels and emerging technologies.
- Understand regulatory expectations relating to cyber security, digital operational resilience, and data protection.
- Learn effective cyber incident response, crisis management, and business continuity practices.
- Examine emerging fraud trends and preventive strategies in digital banking.
- Explore security implications of AI, Cloud Computing, APIs, Blockchain, and FinTech ecosystems.
- Enhance organizational preparedness through practical case studies and industry best practices

CONTENT OVERVIEW

- Emerging Cyber Threat Landscape in Banking
- Cyber Security Governance, Risk Management, Regulatory Compliance & IT Governance
- Information Security Frameworks, Data Protection & Digital Personal Data Protection (DPDP)
- Digital Banking Risks, Secure Banking Channels & Digital Payment Security (UPI, IMPS, NEFT, RTGS, Cards)
