BACKGROUND

During its 98 years of service, IIBF which is an **"Institute of the Bankers, for the Bankers and by the Bankers"** has emerged as a premier institute in banking and finance education. Considering the emerging requirements of the bankers in the ever-changing dynamic environment, IIBF has been providing training to bankers in select areas.

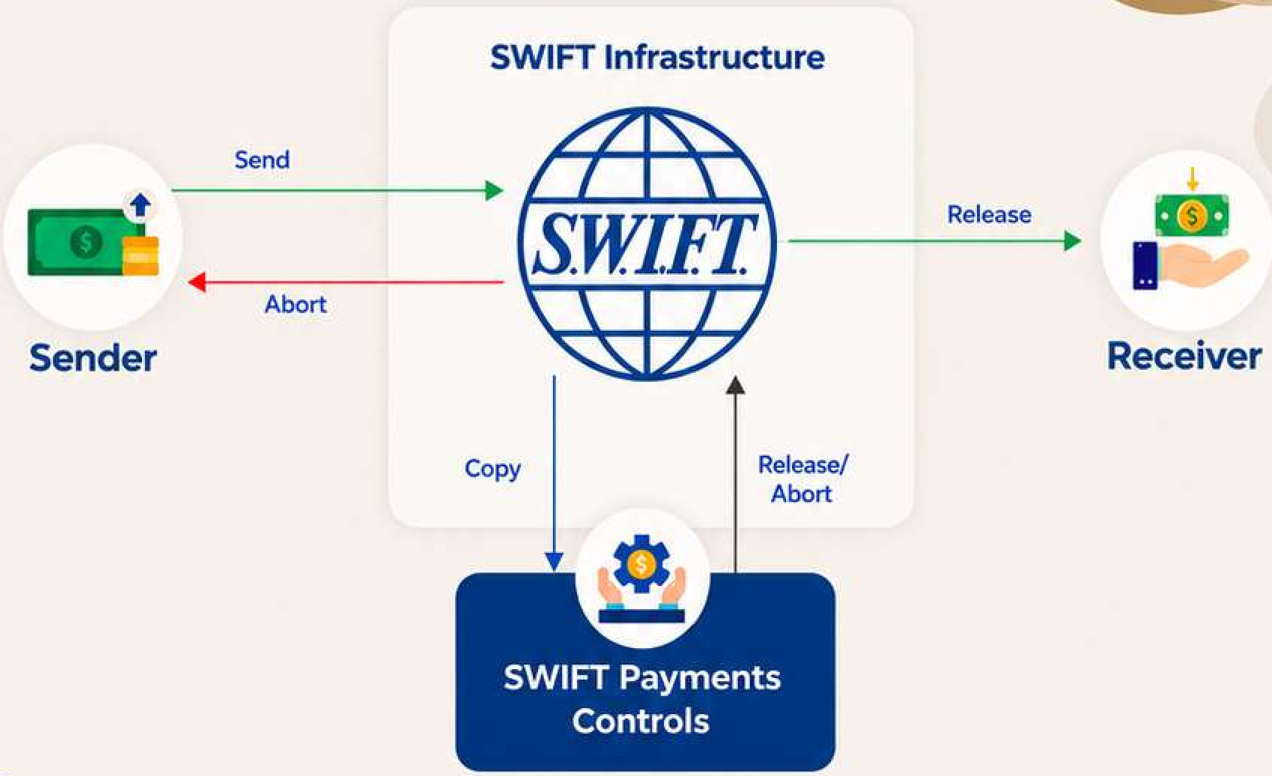
IIBF has world class training facilities at its Leadership Center at Mumbai. It also has seven Professional Development Centres (PDCs) at Delhi, Mumbai, Chennai, Kolkata, Guwahati, Lucknow and Bangaluru with residential facilities at Delhi to accommodate more than 50 participants at a time.

ABOUT THE PROGRAM

With the global financial industry transitioning from traditional MT messaging to the ISO 20022-based MX format, banks must adapt their SWIFT operations to ensure compliance, efficiency, and interoperability. This program is designed to provide participants with a clear understanding of SWIFT messaging, the MT to MX migration journey, and its operational impact on banks.

WHO SHOULD ATTEND

- Banking professionals in operations, payments, and treasury
- SWIFT/Trade Finance/Remittance staff
- IT and compliance professionals in banks
- Risk and audit professionals
- Anyone involved in payment processing and messaging systems

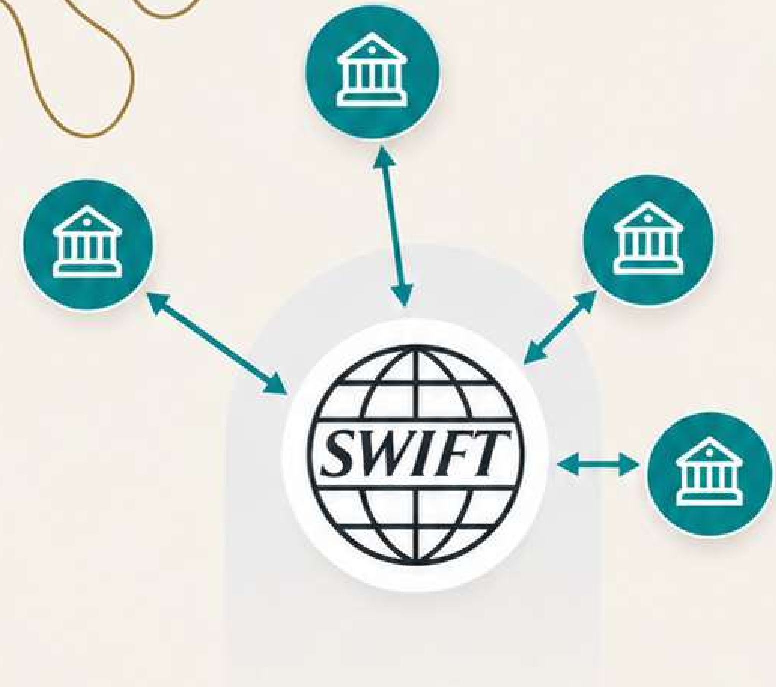


CONTENT OVERVIEW

- Comprehensive program covering the global shift from SWIFT MT messaging to the ISO 20022 MX framework
- Builds understanding progressively — from foundational concepts to comparative analysis to practical implementation
- Introduces SWIFT network architecture, types of MT messages, and current landscape challenges
- Covers ISO 20022 fundamentals, including the structure, components, and data richness of MX messages
- Provides a detailed comparative analysis between MT and MX formats
- Explains the co-existence phase, migration timelines, and available migration approaches for banks
- Addresses operational impact, including system upgrades and integration requirements
- Covers compliance, risk, and reporting changes arising from the transition
- Includes real-world case studies and best practices for implementation
- Equips participants with practical, actionable readiness for ISO 20022 adoption

PROGRAM OBJECTIVES

- Understand the fundamentals of SWIFT messaging and its role in banking operations
- Gain insights into ISO 20022 standards and MX message structures
- Learn key differences between MT and MX formats
- Assess operational, compliance, and technical implications of migration
- Explore best practices for smooth transition and implementation



DURATION
